

## **MMSLab of ISTI-CNR Freeware Software License Agreement**

The following sets forth the Freeware Software License Agreement of the Mechanics of Materials and Structures Laboratory of ISTI-CNR (MMSLab of ISTI-CNR). It applies to all software products available for download from the <http://www.nosaitaca.it> website, unless specifically labeled as something other than freeware.

Unless otherwise stated, all software available for download via the <http://www.nosaitaca.it> website is the copyrighted property of MMSLab of ISTI-CNR. Copyright law protects this software program and all associated material. MMSLab of ISTI-CNR retains title to, and ownership of, the copyright of the software program and associated materials. This software is not provided as public domain software.

### **Freeware License Rights:**

All software products available for download from <http://www.nosaitaca.it> are provided as freeware, unless labeled otherwise. Freeware products are provided free of charge and may be used as many times as you like, for as long as you like. You may copy and distribute copies of this program, provided that you abide by, and include to all recipients, this copyright notice and associated disclaimer of warranty. Any and all recipients shall also be bound by the terms herein. No money or fees can be charged to anyone for the software product. The copyright holder reserves the right to reclassify this software at any time as a non-freeware product (e.g. as shareware, licensed royalty software, or public domain). However, doing so will not modify the license agreement of previously distributed executables. Permission to incorporate this software into commercial products may be obtained by contacting the MMSLab of ISTI-CNR.

### **Warranty:**

This program is provided "as-is", without warranties of any kind, either expressed or implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. MMSLab of ISTI-CNR does not warrant that the operation of the program will be uninterrupted or error-free. Any and all risks associated with the quality and performance of the program is with the end-user. Should the program prove defective, the user shall assume the cost of all necessary servicing, repair or correction. In no event shall MMSLab of ISTI-CNR be held liable to any party for general, direct, indirect, special, incidental or consequential damages arising out of the use of, or inability to use, the program (including but not limited to lost profits, loss of data or data being rendered inaccurately or losses sustained by you or third parties or a failure of the program to operate alone or with any other program), even if MMSLab of ISTI-CNR has been advised of the possibility of such damage. Patent claims generated through usage of the software cannot be directed towards the copyright holders.

### **Technical support:**

Technical support may be provided via e-mail and/or website postings. While every effort shall be made to provide timely technical support, no guarantees whatsoever are implied that technical support will be provided or that technical support, when provided, will be accurate. Software offered on this site is basically unsupported and supplied on an "as-is" basis unless a specific maintenance contract agreement with the copyright holders has been stipulated.

### **Code Distribution:**

You may not modify, adapt, translate or create derivative work based on the software. You will not reverse engineer, decompile, disassemble or otherwise attempt to discover the source code of the software except to the extent that you have been granted express permission from the copyright holders.

Agreement:

By using our software products you are automatically agreeing to, and confirming that you have read and understood, the terms and conditions contained within this Freeware Software License Agreement. This Freeware Software License Agreement remains in effect for the entire time that you use and continue to make use of these software products. If you do not agree with our Freeware Software License Agreement, you must not use our software products, in which case this Freeware Software License Agreement is no longer applicable. This Freeware Software License Agreement is subject to change without notice.
